Lesley and Andy Peters lead one of the most dynamic and highly rated real estate teams in the metro Atlanta area. Known as The Peters Company with Keller Williams Realty – Peachtree Road, Lesley and Andy are consistently focused on overservicing their current clients through dependable communication and cutting-edge technology. Despite the challenging real estate market, The Peters Company has increased sales transactions and volume for the past five years in business. But it is Lesley and Andy's endless dedication to the job that makes them an irresistible real estate choice.

Lesley and Andy met at Furman University in Greenville, S.C., where both graduated with undergraduate degrees in business and communications, respectively. Real estate came knocking five years ago for Lesley, who has been called "a marketing genius, classy and tactful" by her peers. Shortly thereafter, Andy joined the team and earned recognition for being "a Southern gentleman, levelheaded and sincere." Partnering as husband and wife has allowed The Pe-

ters Company to understand and adapt to client needs while providing superior customer service throughout the real estate buying and selling process.

Having lived and worked all over the metro Atlanta area, Lesley and Andy are well-positioned to assist clients buying, selling or investing in Midtown, Decatur, Buckhead, Brookhaven, Dunwoody, Sandy Springs, Roswell, Alpharetta, Peachtree Corners and Duluth.

Current accolades for The Peters Company include earning the No. 1 team honor for 2009 within the Keller Williams – Peachtree Road office, which ranks second amongst all offices for any company in closed sales volume for 2009. The Peters Company also was recently featured on 11Alive's Atlanta & Company television program, and they are currently ranked among the top real estate agents in the city on Kudzu.com. Lesley and Andy are members of the Atlanta Board of REALTORS® Million Dollar Club and the National Association of REALTORS®.
